

Send the completed form by email or by post to the address given at the bottom of the form.

* The fields marked with an asterisk are required

* Drilling site address: _____

* Action permit number: _____

* Property identifier: _____

* Company that performed the drilling: _____

* Company's business ID: _____

* Company's contact information: _____

* Purpose of the borehole: _____ drilled well _____ geothermal heat well _____ other _____

Date and time of drilling: _____ at _____

(*) Drilling site:

- * map
- coordinates
- coordinate system

Remember to send a map together with the report!

X-_____ Y-_____ Z-_____

ETRS-GK25 other, please specify: _____

* Borehole diameter: _____ mm

* Borehole dip: _____ degrees

* Borehole azimuth: _____ degrees

* Length and quality of the casing: _____ m _____

Observations on soil type: _____

* Rock drilling depth: _____ m

Observations on rock quality: _____

Observations on rock fracturing: _____

* Total length of the borehole: _____ m

* Estimated water flow: _____ litres/hour

Observations on rock water: _____

Additional information:

AN EXAMPLE OF HOW THE LOCATION OF A GEOTHERMAL HEAT WELL IS INDICATED

The map is an extract from a map of underground cables and pipes, available from the city's cable and pipe information service. The location of the well has been added to the map. an arrow is used to indicate the direction of the borehole if it is not vertical.
