

COLOURS IN THE SOIL MAP

ROCK - thickness of the soil layer 0...0.5 m	Ka	
---	----	---

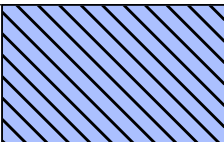

PEAT	Tv	
CLAY	Sa	
SILT	Si	
SAND	Hk	
GRAVEL	Sr	
MORAINE	Mr	

Stripes

On top of frictional soil (sand/gravel/moraine), there is less than 3 m of the soil type indicated by the stripes (e.g. silt and clay)	
--	---

Fill

- the thickness of the stripes indicates the estimated fill thickness

Example: less than 3 m of fill on top of clay	
Example: more than 3 m of fill on top of clay
