

Terminating early childhood education and pre-primary education

evaka

The instructions show how a guardian terminates a child's early childhood education or pre-primary education.

Log in to eVaka:
espoonvarhaiskasvatus.fi

A screenshot of the City of Espoo eVaka login page. The page has a white background with a blue header. The header contains the Espoo Esbo logo, the text 'evaka', and a language selector 'EN' with a dropdown arrow. Below the header, the title 'City of Espoo early childhood education' is displayed. The main content area is divided into two sections. The first section is titled 'Sign in with username' and contains a paragraph: 'Take care of your child's daily early childhood education affairs in eVaka.' followed by an information icon. Below this is a blue 'Log in' button. The second section is titled 'Sign in using Suomi.fi' and contains a paragraph: 'By using strong suomi.fi-authentication in eVaka, you can' followed by an information icon. Below this is a bulleted list of four items: 'apply for an early childhood, pre-primary or club place for your child or view a previous application', 'view pictures and other documents related to your child's early childhood or pre-primary education', 'report your or your child's income information', and 'accept or reject a decision, if you made the application'. At the bottom of this section is a blue 'Authenticate' button. A blue arrow points from the text 'Log in to eVaka via Suomi.fi.' to the 'Authenticate' button.

Terminating early childhood education

The system will notify the head of the early childhood education unit of the termination. Please also notify your child's group at the early childhood education unit about the termination.

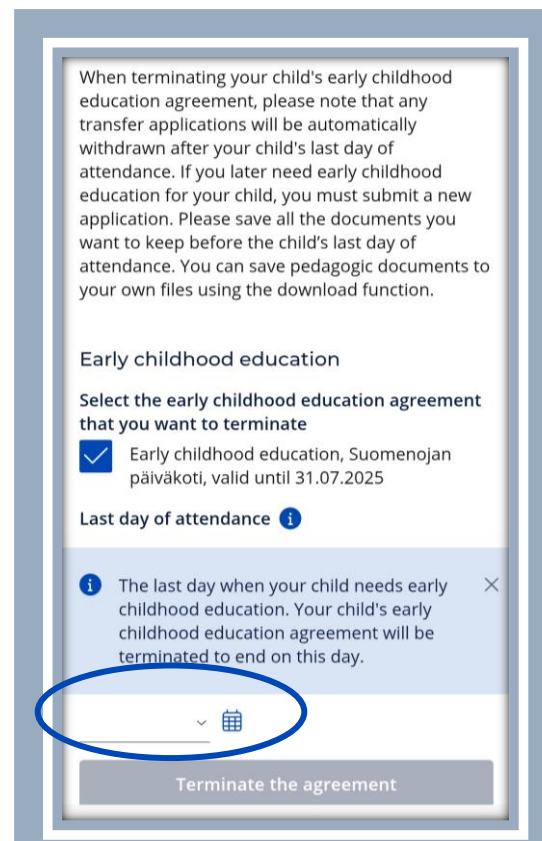

Select “Children” and the child whose place you would like to terminate.

Select “Terminating early childhood education agreement”.

Add the last day of attendance and select “Terminate the agreement”.

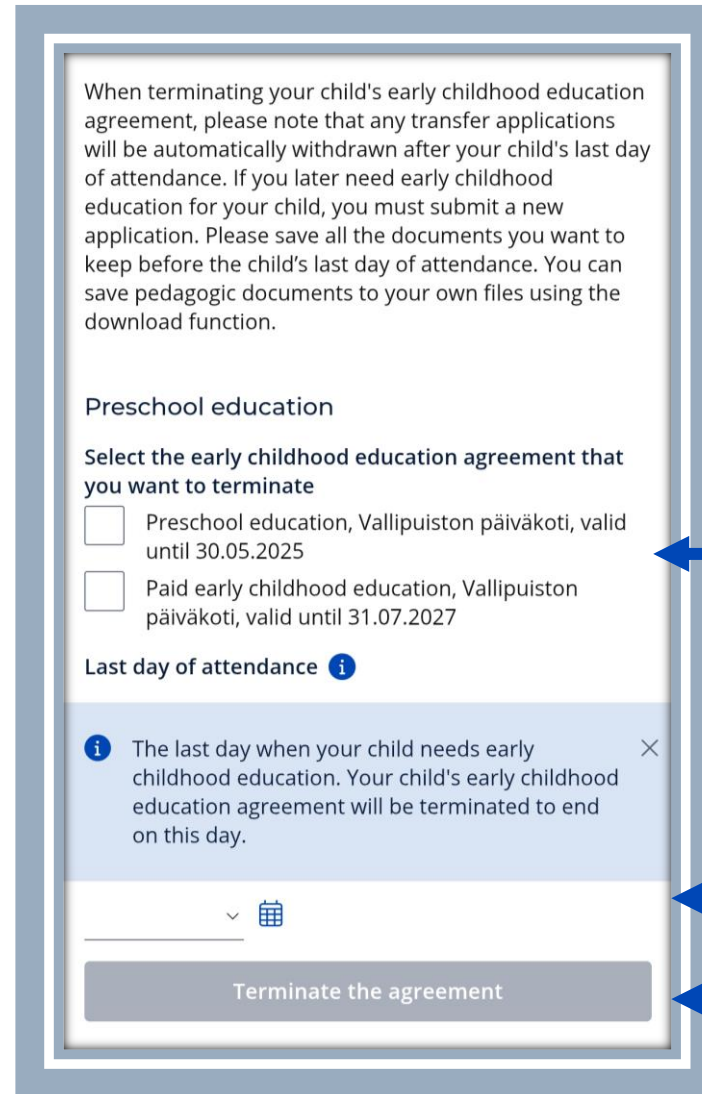

Terminating pre-primary education and related early childhood education

If your child is in paid early childhood education in addition to pre-primary education (9–13), they have two different placements in the system: pre-primary education and paid early childhood education.

Pre-primary education ends automatically in the system on the end date of the pre-primary education period.

If a child leaves pre-primary education before this time, the place must be terminated. This also ends the paid early childhood education placement.

Paid early childhood education must be terminated if the need for early childhood education will end after the pre-primary period before 31 July.

When terminating your child's early childhood education agreement, please note that any transfer applications will be automatically withdrawn after your child's last day of attendance. If you later need early childhood education for your child, you must submit a new application. Please save all the documents you want to keep before the child's last day of attendance. You can save pedagogic documents to your own files using the download function.

Preschool education

Select the early childhood education agreement that you want to terminate

☐ Preschool education, Vallipuiston päiväkoti, valid until 30.05.2025

☐ Paid early childhood education, Vallipuiston päiväkoti, valid until 31.07.2027

Last day of attendance 

 The last day when your child needs early childhood education. Your child's early childhood education agreement will be terminated to end on this day. 

Terminate the agreement

Select the place(s) to be terminated

Enter the last day of attendance

Terminate the agreement
